

LOOKS...PERFORMANCE...LIFE

When evaluating led fixtures, you don't need to sacrifice aesthetics to achieve high efficiency. At 123 lumens per watt and 82 CRI, our DLC-rated* high bay outperforms the competition in looks and efficiency:

- Available in 3000K, 3500K, 4000K and 5000K color options with multiple lumen packages (9,000 thru 28,000 lumens).
- Dimmable and Compatible with most lighting control systems.
- Higher CRI option and battery-backup option available.
- 7-year standard warranty.

These products are all backed by NuWave LLC, an electrical components manufacturer based in the Greater Chicago Area since 1993.

*DLC Premium approval pending July, 2016
