

Features:

- Rugged die cast aluminum construction
- IP68 rated for highest ingress protection
- Integrated wall mount bracket
- Easy plug-and-play installation
- Operating temp -30°C to 50°C/ -22°F to 122°F
- Workable voltage 90-305 VAC
- Up to 80% savings over comparable HPS or MH fixtures
- Sealed fixture rated for class 1 division 2 hazardous location Group C, E, F
- 100 Lumens per Watt

- 5-And 10-year** warranty available
- RoHS Compliant-no toxic chemicals
- 40W = 7.87" x 7.87" x 10.63"
- 100W = 11.8" x 11.8" x 6.89"
- 185W = 15.75" x 15.75" x 7.3"
- Surge protection: IEC/EN 61000-4-5
- 0-10V Dimming standard

Applications:

- Oil refinery
- Petroleum
- Steel mills
- Chemical
- Paint booths
- Wastewater treatment

Ordering Information: EX. EP-10L-57K-NV
